AUGUST HEALTH EDUCATION AND WELLNESS PROGRAM—VITAMINS AND MINERALS: Nutrients are essential for life, health, growth and vigor. August's packet will look at vitamins and minerals and how they affect our health and well being. Information will include why we need them, chief functions in the body, good food sources, deficiency symptoms, and whether supplements are needed. While every nutrient is uniquely essential, each functions most effectively in combination and in interrelationships with others. Although present in only minute quantities in the body, vitamins and minerals act as catalysts and antioxidants and assist in biochemical transformations. They keep your body functioning at optimum levels and help prevent disease. Special emphasis will be placed on antioxidants (C, E, beta carotene) and their role in cancer and heart disease prevention, and folic acid and its relationship to homocysteine levels and heart disease. Packets will be available at all medical facilities in August and upon request to Carol Roth, BOC-005, 867-3414. (JJ-C)

MAIL SERVICES: Employees are encouraged to inform correspondents of correct mailcodes. Please cancel the receipt of U.S. Mail materials which are undesirable. This will reduce costs and mail processing time resulting in a more efficient flow of the mail. (ATS)

CPR CLASS SURVEY: The KSC-Biomedical Office is taking a poll to see how many employees at the Kennedy Space Center and Cape Canaveral Air Station would be interested in receiving training to become certified by the American Heart Association in adult cardiopulmonary resuscitation (CPR). OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714 or 867-4664, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

PRIVACY ACT: Under the Privacy Act, civil service employees may: (1) Determine if NASA has a record concerning you; (2) See your record; (3) Obtain a copy of your record; (4) Request that your record be amended or corrected; (5) File an appeal in the event the agency does not correct or amend your record as requested. For information, call the KSC Privacy Officer, 867-4540. (FF-S2-A)

KSC LOCATOR: Personnel at KSC are reminded, when submitting KSC Form 13-58 (Employee Locator Information) to ATS-Locator, to verify all information including the telephone directory information block. Monthly updates to the Locator printouts should be complete. This includes the "Telephone Directory" column. The letter "T" in this column indicates that the name appears in the telephone directory. Home phone numbers will not be printed in the telephone directory unless a signed Form 13-58 is submitted. (FF-S2-A)

FEDERAL EMPLOYEE HEALTH BENEFITS FOR MILITARY RETIREES: CHAMPUS coverage for military retirees is automatically transferred from CHAMPUS to Medicare coverage upon attaining the Medicare eligibility, at age 65. Employees have 31 days from the date of loss of CHAMPUS to enroll in a Federal Employees Health Benefit (FEHB) plan. Military retirees who are thinking about retiring from civilian service before reaching Medicare eligibility are reminded: to have FEHB coverage as retiree, an employee must be enrolled at the time of retirement; to insure coverage, they should enroll in an FEHB plan that takes effect before the retirement date elected. To keep FEHB after retirement, employees must be enrolled for at least 5 years; and coverage under CHAMPUS counts towards eligibility to carry FEHB into retirement. Questions regarding health benefits should be referred to Jeri Huneycutt (867-4786), Sharon Lowry (867-2514), or Kathy McIntosh (867-2504), Benefits Team, Personnel Office, Headquarters Building, Room 1404. (HM-A-3)

COURT LEAVE: Title 5, U.S.C., Section 6322, authorizes court leave for employees who are summoned on behalf of any party in connection with any judicial proceeding to which the United States, the District of Columbia, or a State or local government is a party. It is official duty time when an employee is summoned or assigned to (1) testify or produce official records on behalf of the United States or District of Columbia, or (2) testify in his/her official capacity or produce official records on behalf of any other party. Service as a witness for a private party in any proceeding not involving any of the above Government entities as a party and not in an employee's official Government capacity requires the use of annual leave. (HM-A-3)

EMPLOYEES PLANNING FOR RETIREMENT: To make tentative annuity computations, verify creditable service, and process an application for retirement, employees considering retirement should assure that all military and civilian service has been properly documented in their personnel records. Although dates of military service may have been previously recorded and verified, these dates should be reverified so there will be no delay in the receipt of annuity checks. Employees who have had active military service should submit to Sharon Lowry, Retirement Counselor, Personnel Office Benefits Team (HM-A-3), copies of their military discharge papers, DD 214, or other documents showing the beginning and ending dates of active service. Employees who do not ensure that all active duty military service is properly documented may experience a delay in the receipt of full annuity payments from OPM upon retirement from civil service. Contact Sharon Lowry, 867-2514, Headquarters, Room 1404. (HM-A-3)

KSC BULLETIN USERS - PERSONAL ADVERTISEMENTS: All property advertised for sale in the KSC Bulletin must be owned by the person submitting the advertisement. The privilege to use the KSC Bulletin could be denied to any persons who misrepresent ownership or falsify names and signatures of owners. (FF-S2-A)

ORDERING BLANK FORMS/PUBLICATIONS: All requests for blank forms and publications should be submitted on KSC Form 7-11 to the Forms Warehouse (mailcode: "FORMS WAREHOUSE"). Allow approximately 5 working days to receive the requested material. Any requests for emergency or work-stoppage forms will be handled by Forms Control by calling 867-3590. Customers should not go directly to the warehouse to pick up forms without calling Forms Control first. Customers cannot call the Forms Warehouse direct because they have an unlisted telephone number. (FF-S2-A)

ATTENTION ALL SUPERVISORS - DETAIL OF AN EMPLOYEE: Before you detail an employee to another position or to a statement of duties for any period of time, contact the Personnel Management Specialist who services your organization. Details expected to exceed 30 days must be documented by an SF-52 (request for Personnel Action). Details are normally limited to 120 days; therefore, a request to extend a detail beyond 120 days must be fully justified. The request for extension, with a written justification, must be forwarded to the Personnel Office at least 30 days prior to the expiration of the initial 120-day detail period. Details to higher-grade positions which will exceed 120 days must be made under competitive promotion procedures. Failure to observe prescribed detail procedures constitutes a violation of KSC, NASA, and Office of Personnel Management regulations. (HM-A-3)

EMERGENCY MEDICAL ASSISTANCE: NASA has contracted with SOS International to provide emergency medical assistance for NASA Civil Service and contractor employees who are traveling overseas on official NASA business. The Occupational Health Facility (OHF) at KSC has information about this service for personnel traveling overseas. Those people traveling to the TAL sites in Spain and Africa will be provided this information by the GOMs prior to each trip. Before beginning your international travel, please contact the OHF to receive an SOS access card and access service guide. Appointments can be made at the OHF by calling 867-2025. (JJ-C)
